//SUPERVISOR

Dr. Takaya Yuizono, Professor, Japan Advanced Institute of Science and Technology.

//MENTOR

Dr. Naomi Yamashita, Professor, Kyoto University.

Dr. Tzu-Yang Wang, National Institute of Advanced Industrial Science and Technology.

//BIO

Koutaro Kamada is a JSPS DC2 Research Fellow and a Ph.D. student at the Japan Advanced Institute of Science and Technology (JAIST). His research focuses on Computer-Supported Cooperative Work (CSCW) and Human-Computer Interaction (HCI), particularly the dynamics and challenges of Human-Human and Human-AI collaboration in computer-mediated environments. He aims to design communication technologies that facilitate better collaboration in these contexts.

//EDUCATION

2018.4. - 2022.3: Bachelor of Economics, Takasaki City University of Economics.

2022.4. - 2024.3: Master of Philosophy, Division of Transdisciplinary Sciences, Graduate School of Advanced Science and Technology, Japan Advanced Institute of Science and Technology; Kanazawa University. [Outstanding Graduate]

2024.4. – Present: Ph.D. student, Division of Transdisciplinary Sciences, Graduate

School of Advanced Science and Technology, Japan Advanced Institute of Science and Technology. Kanazawa University.

//EXPERIENCE

2024.4 – 2026.3: JAIST-SPRING Researcher.

2026.4 – Present: DC2, JSPS Research Fellowship.

/Internships

1. Internship (Aug. 2022 - Sep. 2022): "Technical development and operation test of AR remote collaborative work system using Unity and various sensors" (Dr. Mai Otsuki). Information Technology and Human Factors, National Institute of Advanced Industrial Science and Technology (AIST).
2. Internship (Sep. 2022 - Feb. 2023): "Introduction to Neuropsychology examination" (Dr. Mie Matsui). Laboratory of Neuropsychology, Kanazawa University.
3. Internship (Aug. 2024 – Sep.2024): NTT R&D Research Internship, Social Informatics Laboratories (Dr. Naomi Yamashita).

/TA

1. TA (Apr. 2023 - Jul. 2023): "Introduction to Systems Development for Knowledge Science Experiment / Survey", Support teaching programing (JavaScript, HTML, CSS) / Evaluating homework, and making course archive/assignment, JAIST.
2. TA (Apr. 2023 - Jul. 2023): "Introduction to Knowledge Creation", JAIST.
3. TA (Apr. 2024 - Jul. 2024): "Introduction to Knowledge Creation", JAIST.
4. TA (Apr. 2025 - Jul. 2025): "Introduction to Knowledge Creation", JAIST.
5. TA (Apr. 2026 - Jul. 2026): "Introduction to Knowledge Creation", JAIST.
6. TA (2025): Transdisciplinary Laboratory Rotation (a), JAIST.

/LA

1. LA (Sep. 2023 - Dec. 2023): "ボトムアップ思考とトップダウン思考を区別した創造性支援ツールの基礎研究" (Dr. Takaya Yuizono).
2. LA (Sep. 2023 - Dec. 2023): "ボトムアップ思考を用いた創造技法の基礎研究" (Dr. Takaya Yuizono).

/RA

1. RA (2024-2025): 共創的実践で社会を変革する博士人材育成プログラム-大学院リーグのプロトタイプと実装-, JAIST.
2. RA(2025-2026): Joint Research with NTT.
